PROFILE

Recent CS graduate with three internships at SLAC, including direct experience with Drupal web management, STEM outreach, scientific communications, and working alongside SLAC researchers and staff under Linda McCulloch's team.

EDUCATION

Pace University – Seidenberg School of Computer Science and Information Systems New York, NY
Bachelor of Arts in Computer Science | Minor: Business | GPA: 3.8 | Dean's List & Honors May 2026

Cornell University – Product Management Certificate June 2026
Georgia Institute of Technology – Master of Science in Computer Science (Start) Fall 2026

PROFESSIONAL EXPERIENCE

Engineering Intern Stanford, CA
Stanford Synchrotron Radiation Lightsource (SSRL) Jun 2025 – Aug 2025

- Developed Python automation workflows for X-ray diffraction experiments; supported 130+ experimental runs.
- Documented experimental workflows with beamline researchers to improve reproducibility and scientific communication.
- Translated complex scientific decision-making into accessible system logic for broader team use.

Data Science & Research Intern Stanford, CA
SLAC National Accelerator Laboratory, U.S. Department of Energy Jun 2024 – Aug 2024

- Analyzed 60+ photovoltaic datasets using Python (Pandas, NumPy) to support renewable energy grid resilience research.
- Built interactive dashboards and visualizations to communicate grid stress findings to research teams.
- Collaborated with scientists to translate research questions into practical tools and outreach-ready presentations.

Web Developer & Marketing Intern Stanford, CA
SLAC National Accelerator Laboratory, Applied Energy Division Mar 2023 – Jun 2024

- Maintained and updated 5+ Drupal websites (GISMo, GRIP, Arras Energy, SSRL Battery Center) — building new pages, editing content, managing site structure and DOE branding. Worked under Jenny Villagrán.
- Managed inventory and organized digital outreach materials; tracked metrics using Google Analytics.
- Developed user manuals, digital marketing materials, and outreach resources to support lab communications.
- Coordinated with researchers and staff to support STEM outreach programs and community engagement activities.

Product Ambassador & Software Contributor New York, NY
marimo.io Sep 2024 – Dec 2024

- Built Stanford-hosted platform of interactive Python notebooks; authored tutorials for academic and research audiences.
- Collaborated with developers on UI/UX improvements based on user feedback; supported open-source documentation.

LEADERSHIP

President - Institute of Operations Research and Management Sciences

- Taught 300+ students Python, R, SQL, and Tableau; organized 14 workshops with Amazon and Microsoft speakers.
- Awarded Organization of the Year.

Millennium Fellow & Campus Director

- Selected from 44,000+ applicants; led 15 student founders on SDG initiatives.

Corps Member · Jumpstart AmeriCorps

- Delivered early literacy programs to preschool students in low-income NYC neighborhoods.

TECHNICAL & RESEARCH SKILLS

Web & CMS: Drupal, Jekyll, HTML, CSS, JavaScript (React), Git, GitHub, Google Analytics · **Programming:** Python (Pandas, NumPy, Scikit-learn), R, SQL, Java, C · **Data & Viz:** Tableau, Matplotlib, Seaborn, Marimo, Excel · **Design:** Figma, Adobe Creative Suite, Canva, DaVinci Resolve · **Languages:** English, ASL; learning Spanish & Vietnamese

AWARDS & HONORS

NSF Travel Grant (SuperComputing 2024) · UN Millennium Fellowship · Pforzheimer Honors College Scholar · Dean's List 2022–Present · Principal's Leadership Award · ASL Bilingual Certification
